

LbpFeature::ProcessWithUniform  
Patterns

```
classDiagram
    class LbpFeature_ProcessWithUniformPatterns["LbpFeature::ProcessWithUniformPatterns"]
    class LbpFeature_Process["LbpFeature::Process"]
    LbpFeature_Process --|> LbpFeature_ProcessWithUniformPatterns
```

The diagram illustrates a class hierarchy. On the left is a gray-shaded box representing the class `LbpFeature::ProcessWithUniformPatterns`. On the right is a white box representing the class `LbpFeature::Process`. A dark blue arrow points from the white box to the gray box, indicating that `LbpFeature::Process` inherits from `LbpFeature::ProcessWithUniformPatterns`.
